No. 8.

MISS BARBARA KASSITY  
"BRIDES PARTY"

Miss Barbara Kassity, currently doing her recreation field work at the Millberry Union as a senior recreation major from San Jose State College, will act as hostess for a special "Brides Party" scheduled for Friday evening, January 13, at 7 P.M. in the Main Lounge of the Union.

Miss Kassity has arranged for consultations on nearly all phases of a wedding by experienced people in these services. Floral arrangements, cakes, shower and wedding favors, invitations and wedding candids will be displayed.

Macys of San Francisco will offer an informal fashion show of bridal gowns and bridesmaid dresses. The St. Dominic's Boys Choir will add to the occasion by singing a variety of wedding songs. Miss Loretta Parker, a well-known San Francisco wedding secretary, will be available for consultation.

Display tables will include silver, china, crystal and linen from Gumps. A complete array of pots and pans from Presto-Pride, kitchenware from Tupperware, wedding and shower decorations from Party Props, cosmetics for the bride from Elizabeth Arden, will be displayed. Door

prizes will also be given.

Formal invitations were distributed to a large number of women on campus. Miss Kassity informs us that both married and single women, students, faculty, employees and their guests are invited. For those of you ladies who would like to gain a broader knowledge of just how much one can do for a wedding, may we suggest that you take occasion to attend this event. Reservations are now being accepted at the Guy S. Millberry Union Central Desk. There is a fee of \$1.00 and refreshments will be served.

Miss Kassity started her field work at the Millberry Union on October 5, and will complete her stay during the week of January 20. Miss Kassity is the first known recreation major to do her field work in a student union operation throughout the Association of College Unions; she has received extensive orientation into the Union operation and has had an opportunity to do practical work in many phases of the operation. Though the major portion of her time has been spent in the recreation program area, she has had the opportunity to gain a good understanding of the general administrative activities of the Union, in-

JAN 12 1961

San Francisco, 21

# From the Desk of the Union Director

A belated Happy New Year to all, and a look ahead at some special events "booked in" for the rest of the month and early February.

## FILMS:

- JANUARY 16 - "The Magnificent Seven" (Japanese, with English sub-titles). A truly outstanding example of cinematic art.
- FEBRUARY 3 - "The Reluctant Debutante" - Rex Harrison and Kay Kendall
- FEBRUARY 17 - "Aparajito" - (Indian) - Spectacular sequel to "Pather Panchali."

## ART EXHIBITS:

On display now, through the 21st of this month, is the fabulous "News Photos of the Year" exhibit. (See separate feature articles, this issue.)

ATTENTION HOBBY ENTHUSIASTS! From February 1, through February 22, the Union Fine Arts Committee will stage the second annual "Campus-wide Hobby Show." Obtain entry blanks and information now in Room 240 of the Union.

## BRIDAL PARTY:

While the Millberry Union has staged a variety of "unusual" events in the past, a truly unique activity has been set for FRIDAY, JANUARY 13. On this date, the Union Hospitality Committee has planned a program of special interest to all females at the Medical Center, viz., a BRIDAL PARTY. For all details, refer to a special article in another section of this newspaper.

## SQUAW VALLEY SKIING EXCURSION

Two separate one-day de luxe charter bus skiing excursions to Squaw Valley, site of the 1960 Winter Olympics, have been scheduled by the Millberry Union. The first date is for Saturday, February 25. A rate of \$9.50 per person will include transportation via de luxe Greyhound charter buses, breakfast and dinner meals. Reservation deadlines are set for one week prior to each scheduled date.

Those desiring to take advantage of this excellent (low cost) opportunity to visit the snow country may make their reservations at the Central Desk of the Union. Mail reservations will be accepted, accompanied by checks made out to the "Regents of the University of California." We invite you to "have fun and enjoy a day in the snow." For additional information, contact the Union Central Desk, MO 4-3600, Ext. 720.

NEXT SYNAPSE DEADLINE - FEBRUARY 14

Christmas vacation and New Year's Day are safely behind us and most of us are well settled into our happy new years' routines. The grim spectre of final exams looms ahead, however, and most of the students are beginning to look a little feverish—in spite of most of them having experienced many sets of finals already, during their laborious progress toward professional status.

The First Year students are wondering why they ever picked this field anyway; those in the Middle are experiencing the first panging symptoms (the prodromal ones) of the apathy and school-fatigue to follow; those in the Last Year are trying to locate and predict the loose ends that will need tying, while thinking about internships, jobs, the Army, further training, and their debts.

The vacation just past provided opportunities of varying nature for everyone here. Some used it to study (without ever admitting it to anyone, of course). Others caught up on reading, hobbies, exercise, or families. Still others blanked school from their minds, looked around, and realized that what they were doing was only a small part of the mainstream of human activity (a fact easily forgotten in the hushed and mysterious rituals connected with medical science).

The world turned a corner into a new, and most symmetrical, year and all the students made resolutions: The physicians-to-be resolved to continue their diligent efforts toward maintaining their high standards (while some resolved to continue theirs toward maintaining The Image). The pharmacists made up their minds to remain intelligent, well-adjusted, and easy to get along with. The dentists agreed to improve the situation in school (the manner and direction of the improvements were not unanimously decided upon). The nurses expressed their intention to remain the backbone of medical care, through (some of them) continuing and devoted hard work, coupled with a clear understanding of their patients, their patient's problems, and their patient's treatment.

As I wander about the Medical Center, I am struck with the intensity of the thoughts and actions taking place. Here one sees a mastering of a technique, the understanding of a concept; there a missed opportunity, a failure to realize a potential. The massed striving for

goals—some proceeding in narrow, self-imposed blindness, others with an eye to the fascinating inter-relation of all knowledge—is engraved on the buildings.

It is at a time like this, the beginning of a new year, that students pause, combining a backward look, an appraisal of themselves, a "digging in" prior to the onset of finals, and gaze into their futures and the futures of their professions. Such a pause reminds them of their responsibilities—responsibilities that make me happy that I am but a poor wandering (and most irresponsible) minstrel.

(EDITOR'S NOTE: The following sketch was intended for the issue of DECEMBER 14. Somehow, the manuscript, and not Trouvere, was misplaced during the pre-Christmas rush. We have decided to make amends to our minstrel and print his Christmas message in this issue.)

Christmas is almost upon us, bringing with it parties, presents, and a vacation from the rigors of school. This Happy Season, nowadays first keynoted sometime between Labor Day and Hallowe'en, has many definite characteristics.

Advertising: Jolly Santas and merry elves begin spilling out of newspapers and department stores. Headlines urge early gift-buying (for everybody) and mailboxes fill up with red and green circulars suggesting gifts ranging from new houses to automobile paint jobs.

Christmas cards and decorations: The ever-popular, and non-committal, designs of reindeer, candles, holly, dogs, birds, and (now, anyway) spacemen fill the card racks. Plastic Santas, tinsel and vari-colored mobiles hang from every ceiling. The sentimental messages of Christmas fill the air: "Best Wishes from the Harris Medical Supply Company," "Make Your Noel Joyeux With Tranquiline X!" "Holiday Greetings . . ."

Aligned with (or, more properly, against) these more commercial aspects of the season are the dwindling voices of the Traditionalists, who decorate with Christmas cribs and send cards with Wise Men on them, and buy gifts because it's an opportunity to show love or kindness, and try their best to re-kindle what, to them, is the True Meaning of the Season.

But what does all of this have to do with the Medical Center? What does this have to do with studies, and professions, and statuses quo, and "our work" here? Will a reflection upon the event of December 25 make better doctors, better nurses, better students?

Perhaps not—but more properly—perhaps so, for the

*Continued on Page 4*

*Continued from Page 3*

consideration of Christmas and the Life of the Man Whose Birthday it was will give us an example of a characteristic essential to us all: humility.

And what does humility mean?—Simply this: a freedom from pride and arrogance; a freedom from delight in one's position and achievements; a freedom from the belief that not too many others could accomplish as much as you.

This is one of the messages of Christmas. There are many more. All are unlimited in their application to the lives of men.

So reflect upon the Meaning of the Season, have enjoyable vacations, and accept my wishes to you for a Merry Christmas.

## DR. RICHARD J. HAVEL, WINNER OF THEOBALD SMITH AWARD

December 27, 1960.

The Theobald Smith Award of the American Association for the Advancement of Science—one of the highest distinctions a medical researcher can receive—was presented this morning to Dr. Richard J. Havel of the University of California School of Medicine, San Francisco.

Dr. Havel, 34, is associate professor of medicine and a staff member of the Cardiovascular Research Institute.

The \$1,000 award, made annually to an outstanding investigator under 35, was presented in New York at a session of the AAAS Section on Medical Sciences by Dr. Carl Schmidt, vice president. The Association's annual meeting is being held this week.

Dr. Havel received the award for the over-all excellence of his contributions to medical research, which have chiefly concerned the metabolism of fats and fatty compounds in basic studies related to heart and artery diseases.

Among Dr. Havel's significant findings have been these:

- Demonstration that hormones secreted by the adrenal glands and the sympathetic nervous system in response to stress govern release of certain fatty acids from the fat stores of the body into the bloodstream.

- A series of studies showing the requirements for producing heparin-like activity in the blood serum and demonstrating that heparin or related substances play a role in fat metabolism in addition to their well-known tendency to retard blood clotting.

- A study suggesting that excessive blood fat levels can be produced by a genetic deficiency of an enzyme that breaks down fat.

Dr. Havel received the M.D. degree from the University of Oregon in 1949. He also holds a Master of Science degree from Oregon and is a graduate of Reed College in Portland.

As a medical student, he served as a teaching assistant in biochemistry. His internship and residency training were taken at New York Hospital from 1949-53. He was an instructor in medicine at Cornell Medical College in 1952-53 and a clinical associate at the National Heart Institute, Bethesda, Maryland, from

1953-56.

Dr. Havel joined the University of California faculty in 1956 and was appointed to the associate professorship last year. He is an Established Investigator of the American Heart Association.

The Theobald Smith Award winner, his wife, Virginia, and their four children live at 52 Sir Francis Drake Blvd. in Ross.

Dr. Havel's investigations in the Cardiovascular Research Institute have been supported by the San Francisco, Marin, Monterey, Napa, and Tulare County Heart Associations, the American Heart Association, and the United States Public Health Service.

### 1 DENTAL SCHOOL NEWS

#### Federal Grants Available to Dental Students

For the purpose of "Encouraging Research in Dental School," The National Institute of Health has given this Dental School more than \$40,000 in Federal Funds.

According to Dr. Howard Myers, part of this money will be available to Dental Students in the form of "Undergraduate grants," amounting to approximately \$600 each.

Students are expected to work on their research projects part time during the school year, or full time during the summer. In this manner, more men will have the opportunity to become acquainted with the procedures of research, as applied to their future professions.

Sophomore, Junior and Senior students, as well as Freshmen who have an adequate background in Science (and have the time), are urged to contact DR. HOWARD MYERS about the details. - Rm. 667 - S.

# SPORTS

## A.S.U.C.M.C. BASKETBALL TEAM

With one remaining practice game, and a 2-win 2-loss record to date, the U.C. Medical Center Team will go into league play during the month of January. The team will play in the Class "B" San Francisco Unified School District Recreation League.

By its performance thus far, the team is potentially a very strong club. The club is expected to win their league. This statement is backed by the following facts: With Dr. Ron Marenda and Hap Stallman, the team has definitely the best pair of guards in the league. Both are experienced and strong, both offensively and defensively. Between the two, they scored more than half the team's total points in the first four practice games. Added to these two is another fine ball player, Bob Nemechek, a former Cal Varsity player. Bob has demonstrated his value to the team with his ball hocking style of play, his rebounds and ball stealings. Then there is Dennis Starciak, a 6' 4" center with Varsity ball playing experience at San Francisco State College. Dennis is a top rebounder and plays the pivot position. He feeds beautifully to guards for set-up plays.

Rounding up the Medical Center squad are the follow-

ing very fine ball players and not to be underrated, as all previous ball experience:

Bill Moldenshardt	6' 3"	Center
Don Lynch	6' 2"	Forward
Gus Gianilius	6'	Forward
Fred Singer	6' 1"	Forward
Don Desardo	6' 3"	Forward and Center
George Salmon	6'	Guard
Dave Alvarez	6' 3"	Center
John Debenham	6' 2"	Forward and Center
Norm Emerick	6' 3"	Forward and Center
Louis Kamormy	6' 1"	Forward
Gordon Helmers	6' 6"	Center
Randy Lim	5' 10"	Guard

Randy Lim is the acting coach and manager of the team. Marenda and Stallman are the co-captains.

## A.S.U.C. SKI LODGE RESERVATIONS

Reservations for the A.S.U.C. "Cal" Ski Lodge may be made at the Central Desk of the Millberry Union. General information and fact sheets, including rates, may be obtained at the Central Desk. Those desiring information regarding the lodge are requested to obtain one of these fact sheets. The lodge is open to students, faculty, employees, and their guests.

FROSH MED TEAM - 1960

## INTRAMURAL BASKETBALL RESULTS

### FRATERNITY LEAGUE

Once again the Zi Psi Phi team won the fall intramural fraternity league championship by downing the runner-up Kappa Psi team in a final play-off game on December 8 by a score of 36-31. The win gave the champs a 7-1 record and the runners-up a 6-2 record for the season. At the end of league play, both teams were tied for first place with a single loss each. The play-off game proved that both teams deserved to be a winner. Our congratulations to the "Zips."

### INDEPENDENT LEAGUE

In another championship play-off game the Frosh Med team proved to be too strong for the Soph Dents by beating them to a score of 40-33, taking the league championship. This is the second straight year that a freshman medical team has won the fall intramural independent league. Congratulations to the winners.

### INTRAMURAL SWIM MEETS SET

Two intramural swim meets have been set for the spring semester. One for women and one for men. The men's intramural swim meet is scheduled for Wednesday evening, March 1, 1961. The women's meet is scheduled for Wednesday evening, March 15, 1961.

Sign-up sheets for the various events are posted at the Athletic Control Desk. Those interested in entering individually or as a team are requested to check the bulletin boards for general information. For additional information contact Tony Montanari at the swimming pool.

## MEN'S INTRAMURAL VOLLEYBALL

The two-man team volleyball leagues are off and running. Competition began prior to Christmas vacation. Gordon Helmers reports a large 24-team sign-up consisting of three 8-team leagues. Defending champions for the past two years, Wong and Rose, are being challenged by a number of new and stronger teams. League play is held on both Tuesday and Thursday nights. Schedules are available at the Athletic Control Desk.

### SIX-MAN TEAM VOLLEYBALL

Team sign-ups are now being accepted at the Athletic Control Desk for the spring 6-man team volleyball league. Those interested may obtain entry blanks at the Athletic Control Desk. Play is scheduled to start during the middle of February.

### CAL BASKETBALL TICKETS

Student roofer, spouse and reserved seat tickets for all Cal basketball games are available at the Central Desk of the Millberry Union. The following is a list of distribution dates for the remaining games of the season. Stanford—January 18, distribution dates: February 13-17. UCLA—February 24, distribution dates: February 20-23. Washington—March 3, distribution dates: February 21—March 1.

General Information: Card holders are allowed tickets for only one game per week, with a limited number of general admission \$1.50 tickets for spouse available.

Spouse tickets must be purchased at the same time roofer tickets are picked up.

### LADDER TOURNAMENT STANDINGS

As of January 5, the Union's Intramural Tournament standings are as follows:

Squash	Handball	Table Tennis
1. Anzel	1. Cantli	1. Stickler
2. Smith	2. Al Allen	2. Rosen
3. Horowitz	3. Bob Lumsden	3. Eads
4. Ewald	4. Jim Miller	4. Chingas
5. Glass		5. Dittmer
6. Morrison		6. Anzel
7. Gaal		7. Manouchehr
8. Mann		8. Neubauer
9. Skillman		9. Lifschiz
10. Johnson		10. Traubman
11. Rodwell		11. Buehler
12. Blake		

Each of these tournaments end January 20. Watch for the posted schedule of the "Game of the Week" challenge matches arranged for the top 2 or 3 competitors.

# RECREATION

## NOTE: TO PING-PONG ENTHUSIASTS

For the enjoyment of ping-pong players, the Union is happy to announce the purchase of two Table Tennis tables. Due to the increased interest in ping-pong recently, we felt it desirable to replace the worn-out and broken tables with de luxe collapsible roll-around tables. The tables may be found in the Table Tennis Room most of the time. However, when the Table Tennis Room is needed for luncheons and special meetings, the tables will be removed. An attempt will be made to place the tables in another part of the Union at these times. Ask at the Central Desk when you can't find the tables. The desk attendant will know their location.

## PROGRESS IN THE EXERCISE ROOM AND GYM

Those of you who are weight lifting enthusiasts may take note of the recent changes in the exercise room and gym. Over the Christmas vacation, all the weights were set up in separate weight units, brazed solid on the bars and repainted a bright yellow. In the gym you may soon note new protector pads for the trampoline, and a rope climb to be installed shortly.

Plans are still in order to furnish the exercise room with additional weights, a boxing speed bag, inclined benches, etc. See Bud Alexander if you would like to suggest other items.

## TRAMPOLINE AND GYMNASTICS PROGRAM CURBED

Due to a leg injury, Bob Cenicerros will be unable to resume supervision of the trampoline and gymnastic program of informal workouts normally scheduled each afternoon from 5-6:30 p.m. Until a qualified replacement can be found to fill Bob's shoes in this respect, use of the trampoline and gymnastic equipment will be limited to those who have requested and received special permission to do so from the Recreation Supervisor. We appreciate the fine job Bob has done in building interest in this activity. Notification will be given as soon as we are able to resume the program.

## SWIM CLASS SIGN-UPS

Sign-ups for swim classes scheduled for the spring semester are now being accepted at the Athletic Control Desk of the Union. Sign-ups will be accepted through the

second week of the spring semester.

Children's Classes are scheduled for Saturday mornings to begin February 27.

Adult Classes are scheduled for Tuesday and Thursday evenings to begin February 21.

The swim classes will consist of a series of ten ½-hour lessons for both children and adults.

Rates: Union Members	\$2.00 per course
Non-Members	\$4.00 per course

## PREVIEW OF SPRING RECREATION PROGRAM

By way of a brief preview into the spring recreation program for the Union, we should like to mention the continuance of the bridge and chess programs. The bridge program, under the direction of Glen Carey, will continue as scheduled on Tuesday nights. Chess, under the direction of Richard Seltzer, will continue on Thursday evenings as usual.

A new series of ballroom dance classes is planned and designed to meet the needs of every person desiring to learn to dance. A series of six individual dance class sessions is scheduled for both beginners and advanced, singles and couples. A separate class is planned for the Faculty Club. Gary Steyaert, dental student and ex-Arthur Murray instructor, will conduct the program.

The modern dance class for women will continue with a new sign-up and a change from Tuesdays to Monday evenings. Loretta Barriours will continue as the modern dance instructor.

Intramurals for both men and women are planned. Women's intramurals will be held on Wednesday nights. Men's intramurals will be held on Tuesdays and Thursdays.

Two golf tournaments, ladder tournaments in squash, billiards, table tennis and badminton are planned.

The bowling league at the Park Bowl will continue. Team sign-ups for a new league are now being accepted at the Athletic Control Desk.

A number of special events, including snow and water skiing excursions, special sport film showings, the annual B.Y.U. Variety Show and a top visiting choral group are scheduled.

These are just a few of the program plans for the spring semester. Remember, there is "Something for Everyone" at the Union. If not, we invite you to share your recreation interests with us by letting us know what you would like to see happen at the Union.

## MORE HOURS TO BE ADDED TO ATHLETIC WING SCHEDULE

Beginning with the spring semester hours of operation, the athletic wing hours will be added to slightly. The present opening hour of 11:00 a.m. daily will remain the same; however, the closing hour for the morning period will be extended to 2:00 p.m. instead of 1:00 p.m. A split shift in operating the pool and gym facilities will be continued. The facilities will be closed week-days from 2-4:00 p.m. The facilities will be opened during the evenings hours from 4:30-9:00 p.m.

Saturday hours of operation will change slightly with the opening hour of 10:00 a.m. instead of 9:00 a.m., and closing at 6:00 p.m. On Sundays the pool and gym will be open from 1-6:00 p.m.

## UNION TO SPONSOR TEAM IN BOWLING TOURNAMENT

An attempt is presently being made to organize an all-star bowling team of students to represent the U.C. Medical Center campus at the Annual Intercollegiate Bowling and Games Tournament scheduled for February 17 and 18 at the University of Oregon Student Union at Eugene, Oregon. The tournament is sponsored by the Association of College Unions, of which the Millberry Union is an active member.

Six students will receive transportation, board and room costs for their efforts. Who knows, Cal Med Center may yet become famous for its athletic teams too. Anyone interested should contact Bud Alexander, Millberry Union Recreation Supervisor.

## BOWLING LEAGUE SIGN-UPS

Sign-ups for the spring bowling league, to be sponsored at the Park Bowl by the Millberry Union, are now being accepted at the Athletic Control Desk (Swimming Pool). League play is scheduled to begin on Monday, February 6, 1961. All games will be played on Monday nights from 6:15-8:30 p.m. The league will consist of 8 4-man teams playing a double round-robin tournament.

Entry blanks are available at the Athletic Control Desk. Since only 8 teams will be accepted, those teams desiring to enter the league are requested to return their entry blanks as early as possible.

## BOWLING LEAGUE RESULTS

The next two weeks will see the completion of the Union sponsored bowling league at the Park Bowl. Team standings, as of the last night of competition, found the league results as follows:

Team	Won	Lost	Points	Total
Parking	16	8	6	22
Biocrums	14½	9½	7	21½
Splitters	14	10	6	20
BB Four	12	12	5	17
Swingers	12	12	4	16
Pin Pounders	11	12	3	14
Timber Toppers	10	15	2	12
Boozers	6½	17½	1	7½

Individual honors go to the following:

### Men

High Series	Dick Libby	562
High Game	Bob Blake	231
High Average	Dick Libby	161

### Women

High Series	Eleanor Scott	468
High Game	Karol Rasmussen	186

CHILDREN'S SWIM CLASSES

## SPECTACULAR PHOTO EXHIBIT IN UNION

An exhibit of the 17th Annual News Pictures of the Year Competition winners will be on display between January 3 and January 21, 1961, at the Guy S. Millberry Union. More than 650 photographers entered 7,135 photographs in the contest, which is the largest of its kind in the world.

The exhibit is jointly sponsored by the National Press Photographers Association, the School of Journalism, University of Missouri, and Encyclopaedia Britannica.

The pictures were first screened in Columbia, Mo., and the finalists were sent to juries in New York, Miami and Denver where the top winners were selected. In this show additional prints rated tops by the judges will also be included.

Burt Glinn of Magnum Photos was named "Magazine Photographer of the Year," and Albert Moldvay of the Denver Post was chosen as "Newspaper Photographer of the Year."

Special recognition for outstanding photojournalism accomplishments was accorded Gordon Converse of the Christian Science Monitor, who was designated "Newspaper-Magazine Photographer of the Year." Selected prints from these winning portfolios will be on display in the traveling exhibit.

In recent years, this picture exhibit has become a regularly scheduled event at scores of institutions in the United States. Last year the show toured nearly 200 cities, being exhibited at leading colleges, universities, public libraries and museums. It is estimated more than 2,000,000 persons will view this year's show.

The primary purpose of the picture competition is to set up a mirror in which photo-reporters may view themselves, compare their best work and relate it to their future photographic efforts. To the viewing public, it mirrors the joys, tragedies and triumphs of our country and its people.

The competition is judged in twenty categories, most of which are represented in this exhibit by a selected group of pictures. All told, there are approximately 85 different pictures and picture stories in the show.

### THE "EYES" HAVE IT

*Now private eyes are mighty wise,  
There's little can dismay them.  
Their lives consist of one long tryst  
With every kind of mayhem.*

*They have a creed which all must heed,  
No matter the resistance.  
For none to date dares violate  
These rules of his existence.*

*A private eye does not reply  
To queries from inspectors,  
He seals his lip or makes some quip  
About their arch protectors.*

*Most every time he solves a crime,  
His role must be suspicious.  
He must be faced with great disgrace  
If he's at all ambitious.*

*A private eye would rather die  
Than have the girls exclude him.  
For then he'd fret and almost let  
The gangsters mob elude him.*

*But such a spot is not his lot  
No women can resist him  
His females fight 'most every night  
On who it was that kissed him.*

*There's one more act that must be fact  
For private eyes real "groovie."  
He must have made a pure B grade  
Old television movie.*

by DR. HOWARD M. MYERS

## Patronize the Students Store

## FELLOWSHIPS FOR GRADUATE STUDY

Fellowships for graduate study in Rumanian and Polish universities are being offered to American students for the academic year 1961-62, it was announced by the Institute of International Education. Applications must be filed by January 15, 1961.

The Rumanian and Polish governments have offered the fellowships as part of exchange arrangements with the United States, and included are tuition and monthly stipends for living expenses. The Polish government will also offer living accommodations on the university campuses and medical care to those who are granted scholarships for study in that country.

The U.S.-Rumania arrangement supplements the awards with travel grants, offered by the U.S. Government, and covering the costs of round-trip travel, 25 lbs. excess baggage and an allowance for several days of pre-departure orientation activities in Washington, D.C. Similar grants will be made for several recipients of Polish fellowships who have at least a Master's degree.

Administered by the IIE, the awards are open to both men and women, in any field of study. Candidates must be at least 21 years old, U.S. citizens, and must have the necessary knowledge of the country's language. While married persons may apply, no funds will be available for dependents' support.

Applicants for the Rumanian scholarships should have at least one year of graduate training, and a Bachelor's degree is required of candidates for the Polish awards.

Application forms may be obtained from the Institute

of International Education, 1 East 67 St., New York 21, N.Y., or from one of the Institute's Regional Offices.

U.S. student exchange programs with Rumania and Poland opened with the current academic year. Young people from both countries are now studying in the United States, and American students are in Rumanian universities for the first time.

## WEEKEND SKIING EXCURSION TO CAL SKI LODGE

The annual weekend skiing excursion to the Cal Ski Lodge at Norden has been scheduled for Friday, Saturday and Sunday, February 10, 11 and 12. The rate for students is \$17.50 for the weekend, \$21.00 for faculty, alumni and employees. This fee includes:

- De luxe charter bus transportation
- Lodging Friday and Saturday nights
- 3 meals on Saturday
- 2 meals on Sunday
- Free movies at the Lodge Saturday night

The time schedule calls for a departure time from in front of the Millberry Union at 6:00 p.m., Friday, February 10, and return departure time from the Ski Lodge at 5:00 p.m., Sunday, February 12.

Skiers must supply their own bedroll and skiing equipment. The lodge is operated on a dormitory basis, so as to reduce costs with everyone doing a daily 10-15 minute chore around the lodge.

The excursion is open to students, faculty, alumni and employees.

Reservations may be made at the Millberry Union Central Desk. Deadline for sign-ups is set for Monday, February 6. Accommodations for 21 men and 21 women only. We suggest you make your reservation early if you desire to take the trip.

cluding office procedures, budgeting, finance, public relations and publicity.

After completing her field work at the Union, Miss Kassity will return to San Jose State College, where she will receive her Bachelor of Arts Degree on February 3, 1961.

We appreciate the fact that Miss Kassity chose the Medical Center and the Millberry Union to do her field work. We feel that Miss Kassity is extremely well-qualified to go into Union work and hope that her experience at the Millberry Union has been as enjoyable and beneficial to her as it has been our pleasure to have her serve with us. We wish Miss Kassity all the success in the world in her future in the field of Student Union work, and an extra-special success to her "Brides Party" on Friday, January 13.
